Knit with us!

We would like to bring something positive into the world together – united by the desire for greater humanity, tolerance, and compassion. For us, an open-minded and diverse society is something we take for granted.

Respectful interaction with one another is important to us, as is a mindful relationship with our natural environment. We are rooted in nature; it provides the foundation for a future worth living.

Create a colorful Ribbon of Humanity with us!

When we craft together, connections happen naturally. Conversations begin, people get to know one another, and prejudices can fade. Creativity becomes a bridge between different walks of life.

In this summer, we will present our colorful ribbon in a public place – as a visible sign that humanity can grow when we practice it together – in how we treat one another and how we care for nature. Every thread connects. Every stitch counts.

How you can take part:

- Knit or crochet a square measuring 25 x 25 cm.
  You can comfortably participate from home. Don't feel like knitting alone? Need some support? Come and join us! When & where – see above!

- Bring your square to one of the collection points – see above!

- In the summer, we will present the ribbon in a public place – You will find out when & where by July/August 2026 on this website!
